Notes

- The above score is in the Beatles' original key (G), with the accompaniment (and guitar chords) as found in a Beatles score—see <http://sheetmusic-free.com/yellow-submarine-sheet-music-beatles/>
- The idea of the score is
 - Sing the first two verses, followed by the chorus, then
 - the next two verses, followed by the chorus, then
 - the final two verses, ending with the chorus.
- Russell likes to play it in the key of E. It may also suit to start with the chorus.
- This sheet may be downloaded from <http://SensibleTransportation.org/songs/>, where there is also an audio player for listening to the tune.
